# OHREN-HELD

Easy on the ears, comfortable to wear

SCHWEIZER's OHREN-HELD is easy on your ears and makes wearing nose and mouth protection masks more comfortable. Thanks to its 10 hook levels, the elastic loops of the face mask can be fixed as needed.

This relieves any painful pressure on the ear when wearing the face mask for a longer time. [Made in Germany.](#)

## Product benefits:

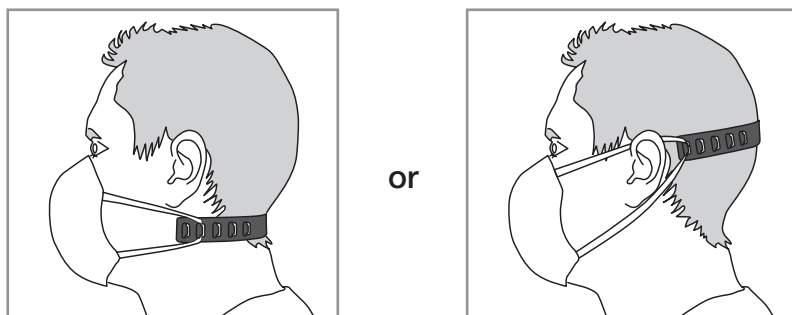

- Comfortable to wear thanks to supple plastic strap around the back of the head or neck
- Very easy to use
- Extremely lightweight
- Can be cleaned with standard disinfectants
- Ideal for combining with all standard nose and mouth protection masks
- Eco-friendly and recyclable
- Made in Germany – prompt delivery

## Product features:

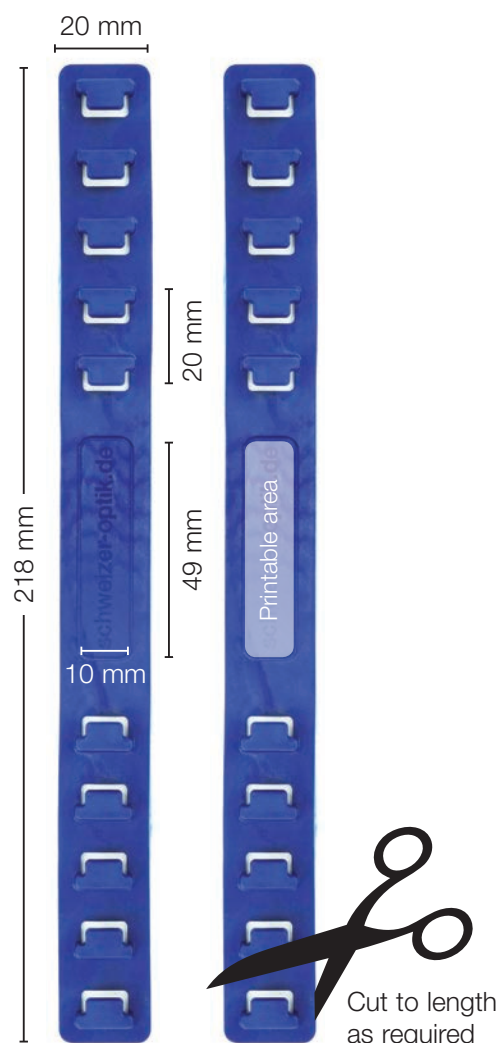

- Item no. 932395
- Material Skin-friendly plastic in 5 standard colours: translucent blue, blue, yellow, red, and charcoal-grey
- Weight approx. 6 g
- Dimensions LxWxD: approx. 218x20x6 mm
- Finish Special colours on request

## Easy to use:

There are two ways to hook the elastic loops of your nose and mouth protection mask to the OHREN-HELD:

Wrap one elastic loop of your nose and mouth protection mask around one hook of the OHREN-HELD. Then, put your mask on and fix the second elastic loop to one of the hooks on the other side, ensuring your mask is close fitting. The OHREN-HELD strap can be easily cut to the required length.
